Petition for Revival of an Application, Under 37 CFR 1.137(b)  
for a Patent Abandoned Unintentionally

Dear Sir:

In response to the Decision on Petition mailed 1 April 2009, Applicants respectfully request revival of the above referenced patent application. Please consider the following remarks for Revival and Issuance of the above-identified patent application.

### Remarks

This application became abandoned on March 28, 2006. The issue fee was paid by check (2276) mailed on 2/09/2006. However, due to insufficient funds in a deposit account the publication fee of \$300 not timely paid. The insufficient funds in the deposit account occurred at a time when our previous firm was dividing into two separate firms, and the oversight of having insufficient funds in the account to cover the publication fee was entirely unintentional. Additionally, the entire delay in filing the required reply (payment of the publication fee) from the due date for the reply until the filing of a grantable petition per 37 CFR 1.137(b)(3), was unintentional.

Applicants believe that payment of the publication fee satisfies the requirement of "Reply" under 37 CFR 1.137(c). As indicated below, we authorize charging of the \$300 publication fee and any other fees required under this petition to our deposit account.

Since the instant application is a utility application filed after June 8, 1995, Applicants submit that no terminal disclaimer is required.

The Decision on Petition (mailed 1 April 2009) provided no shortened response period and indicated no response period of any kind. However, should any extension of time be required, please charge such fees for extension of time to our deposit account as indicated below.

Regarding Fees: Please charge the \$1,920. petition fee (under 37 CFR 17m), the \$300 publication fee, and any other associated fees associated with this petition to our deposit account, Account # 50-4157, pursuant to 37 CFR 1.25. Additionally, please charge any fees to deposit

Account # 50-4157 under 37 CFR 1.16 through 1.21 inclusive, 37 CFR 1.134, and any other sections in Title 37 of the Code of Federal Regulations that may regulate fees.

### CONCLUSION

In light of the above listed remarks, Applicants respectfully request revival of this application and issuance of this application.

The Examiner is invited to contact Applicants' undersigned representative if the Examiner believes such action would expedite resolution of the present application.

Respectfully submitted,
